

Aaron Angle

Full-Stack Web Developer

4246 E Orchid Ln
Gilbert, AZ 85296
(928) 235-7529
acangle10@gmail.com

EXPERIENCE

Southeast Directional Drilling, Remote — React Developer

January 2020 - PRESENT

Contracted to work on the code base and improve the user interface and user experience of the site, as well as to improve and implement functionality on the front end of the site. I worked heavily with React components and Sass. Main technologies worked with included, React, GraphQL, Sass, Git, and JavaScript.

Care4u, Remote — Wordpress Developer

October 2019 - January 2020

Contracted to develop a website for the startup company Care4u based in New York. Had to meet deadlines and quickly respond to feedback to update and improve the site. Created a polished front end, hosted and maintained the site.

Elements Construction, Thatcher, AZ — General Foreman

August 2018 - October 2019

Led a small construction crew. Learned to work with a team as well as to lead and follow instructions from supervisors. Helped with job costing, estimates, and other administrative duties.
